

Massachusetts Department of Environmental Protection
Bureau of Resource Protection – Drinking Water Program – Water Management Act
Registration Renewal Request Form for Cranberry Growers
January 1, 2008 to January 1, 2018

THIS IS AN IMPORTANT NOTICE

All registrations must be renewed in order to maintain registered withdrawal rights.

Failure to file a Registration Renewal Request will result in the expiration of your registered rights, and you will be required to obtain a Water Management Permit if you wish to continue to make a withdrawal above the threshold volume.

Instructions

This Registration Renewal Request Form is for renewing the registration of water withdrawals that were originally registered on or before January 1, 1988 under the Water Management Act (M.G.L. c. 21G).

A Registration Renewal Request must be filed by January 1, 2008. In order to simplify the process and streamline paperwork, the Department is providing this Registration Renewal Request Form with the Annual Report Form and is asking that all registrants return the Registration Renewal Request Form by February 28, 2007.

1. Please complete this form and return with the Annual Report Form by **February 28, 2007** to:

**Department of Environmental Protection
Water Management Act Program
One Winter Street
Boston, MA 02108**

2. If you have withdrawals from more than one river basin, please complete a separate Registration Renewal Request Form for each basin.
3. Upon receipt of this Registration Renewal Request, the Department will conduct a compliance review of your registration. Prior to registration renewal, registrants must have submitted all Annual Reports and all Annual Compliance Fees. Registrants must also be in compliance with all other applicable state and federal statutes and regulations.

The Department will contact you if additional information is needed to complete the compliance review.

Upon completion of the compliance review, the Department will send you a statement confirming your renewed registration.

A. General Information

1. Do you want to renew your Water Management Act Registration for the next 10 years?

☐ Yes

☐ No

Note: Failure to file your Registration Renewal Request will result in expiration of your registered water withdrawal rights.

If yes, your registration file will be reviewed for accuracy and compliance purposes. Your registration will be continued through December 31, 2017, upon a favorable review. Some registrants may be contacted for further clarification information later in 2007.

If no, your registration will be terminated, and you will not have the right to irrigate more than 4.6 acres of old-style bog or more than 9.3 acres of new-style bog * in any one river basin without a WMA permit.

* Note: New-style bog must meet specifications described in the Memorandum of Agreement Among the Cape Cod Cranberry Growers Association, the Massachusetts State Commission for Conservation of Soil, Water and Related Resources, and the Massachusetts Department of Environmental Protection dated September 8, 2004, and must receive a certification from the County Conservation District.
